

## AGENDA

**08:00 Registration and Coffee**

**09:00 Opening remarks and Summary of CRSC activities**

*A summary of CRSC activities and progress since the last CRSC meeting will be provided.*

**09:20 Metrics Platform - Demonstration**

*Significant progress has been achieved since the May 2017 meeting on the Metrics Platform. Although the launch is still scheduled for early in 2018, participants will be provided a more in-depth look at the contents and structure and be invited to provide feedback.*

**10:20 Break (20 mins)**

**10:40 Priorities of the CRSC**

*Potential priorities for the CRSC over the next two years will be presented for discussion. Participants will be asked to work in groups to develop specific goals to achieve over the next two years.*

**11:30 Governance of the CRSC**

*Potential changes in the governance of the CRSC will be presented for discussion.*

**12:00 Lunch (45 mins)**

Canadian Roundtable for Sustainable Crops  
November 23, 2017  
Wellington Room  
Fairmont Winnipeg  
Winnipeg., Manitoba

---

**12:45            AAFC Environmental Indicators Work**

*A presentation will be provided by AAFC on options for the next stage of their environmental indicators work. The presentation will be followed by an opportunity for questions and to provide feedback.*

**13:45            Member updates - Canadian Field Print Initiative and National Environmental Farm Plan Initiative**

*A presentation will be provided on the next steps for the CFPI.  
A presentation of the next steps for the National Environmental Farm Plan Initiative, following from the November 2<sup>nd</sup> NEFP summit, will be provided.*

**14:45            Break (20 minutes)**

**15:05            Member updates - Ducks Unlimited and the Soil Conservation Council of Canada**

*An update of the agriculture-focused initiatives of these two organizations and their relationship to the CRSC will be presented, with opportunity for questions and discussion.*

**15:55            Member updates - Alberta Farm Sustainability Extension Project**

*The Alberta Farm Sustainability Extension working group (Alberta Wheat, Barley, Pulse Growers and Canola Producers Commissions) provided an introduction to their producer self-assessment tool and online resource library at our meeting in May. They will provide an update on their progress and a look at their product.*

**16:30            Closing Remarks / Next Steps**

**17:00            Adjourn**
